READY Academy Christian School COVID-19 Waiver

Greetings READY Academy Staff and Parents!

Below you will find some very important information concerning our guidelines for READY Academy during the pandemic; in regards to COVID-19. Please read all information thoroughly before signing and dating. This is considered a legal binding document.

- We are now in “Flu” season and approaching “Allergy” season, while working through a pandemic. It is imperative that all areas stay clean. We will need our teachers and supporting staff members to disinfect your area before and after use. Although we have a cleaning staff, it is important for all areas to remain clean at all times. Cleaning may include sweeping your floor, vacuuming your carpet and wiping down desks/chairs and other frequently touched areas. Please accompany or monitor your students in the rest room. When your students are done, please ensure that you wipe down all necessary areas. We want our students to be independent and clean behind themselves however, we must go behind them to ensure all areas maintain a certain level of cleanliness.
- Mask wearing is a mandate! It is imperative that you and your students wear a mask upon entering the building and while in the building. Masks may be taken off during lunch while students maintain a safe distance of 6 feet apart. If you or a student needs to take off your mask at any other time or for any reason, you must maintain a safe distance of six feet away from anyone other than yourself occupying the space. Masks are also mandated for all children 5 years of age and older and encouraged for children 2-4 years of age. Please ensure that your students are following the CDC guidelines in regards to wearing masks and maintaining a safe social distance. Also, please make sure that students are not sharing their mask or touching anyone else’s mask.
- READY Academy Christian School will not be held liable for anyone contracting COVID-19 while working or attending school at the facility. We will all do our part to try and keep our facility free from COVID-19. This includes asking staff and students to be mindful of their possible level of exposure in situations outside of the workplace.
- On the READY website you will find important information released by the VA Department of Social Services regarding COVID-19. Please read the information carefully and ensure that you are following the guidelines that they have set forth. This is to ensure that everyone stays safe.

Please print your name sign and date this document. By signing this document you are acknowledging that you have read and agree to abide by the guidelines set forth.
